

The first operational bib of its kind.

Mantle Rain Bibs Mod 1

Offering maximum wet weather protection, durable construction, and configured to work seamlessly with your gear. Utilizing all of the same features from the Mod 1 Waterproof pants, the bib extends the protection to the high chest.

FEATURES

- Weight: 1 lb 6 oz
- Constructed from extremely durable XXX waterproof material which promotes breathability
- Internally removable D30 high impact knee pads
- Reinforced high-friction areas such as instep, knees, and hips
- Integrated side zips for ventilation
- 7 easily-accessible waterproof pockets
- Elastic grip waistband for added size adjustability
- External equipment-grade belt loops
- Lay flat shoulder straps allow the layering of plate carriers and other equipment without adding bulk or discomfort
- Each bib is meticulously hand-constructed and inspected
